Hancckel, deceased, late of Flat Rock, Henderson County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned at the office of Jos. W. Barnwell in the city of Charlotte, S. C., on or before 12th of August, 1917, or this notice will be pleaded in bar of their recovery. All persons indebted to the estate will please make immediate payment.

This August 12th, 1916. JOS. W. BARNWELL, Executor, ARTHUR LYNNAH, Executor. 8-17-6tc

NOTICE OF SERVICE OF SUMMONS BY PUBLICATION.

State of North Carolina, County of Henderson.

In the Superior Court, October Term, 1916.

Florence Elise Harvey vs. George W. Harvey.

The defendant above named will take notice that an action entitled as above has been commenced in the Superior Court of Henderson County, North Carolina to dissolve the bonds of matrimony existing between plaintiff and defendant, for an order granting unto said plaintiff the custody of their child, Bonnie LeRoy Harvey and for a decree of absolute divorce on the ground of fornication and adultery on the part of the defendant; and the said defendant will further take notice that he is required to appear at the term of the superior court of said county to be held on the Fourth Monday after the first Monday in September, 1916, at the court house of said county in the city of Hendersonville, N. C., and answer or demur to the complaint in said action, or the plaintiff will apply to the court for the relief demanded in the complaint.

This the 1st day of September, 1916. C. M. PACE, Clerk Superior Court. J. F. Justice, Attorney for Plaintiff. 9-7-4tc

Notice of Dissolution of Partnership. Notice is hereby given that the partnership heretofore existing between A. E. Marshall and J. M. Barry has been dissolved by mutual consent. The business will be continued at the same place by Marshall & Cantrell under the name of Blue Ridge Garage. The new firm assume all indebtedness of the old partnership and all moneys owing to the partnership of Marshall & Barry are payable to Marshall & Cantrell.

This 2nd day of Sept. 1916. J. M. BARRY, A. E. MARSHALL, 9-7-2tc.

MORTGAGE SALE.

By virtue of the power of sale contained in that certain mortgage executed by J. M. Jackson and wife, Elizabeth Jackson on the 25th day of November, 1915, to the undersigned mortgagee to secure the indebtedness therein named, which said mortgage is of record in Book 44 at page 212 of the Records of Mortgages and Deeds of Trust for Henderson County, and whereas default having been made in the payment of said debt, therefore by virtue of the power of sale contained in said mortgage and for the purpose of satisfying said debt, interest and cost, the undersigned will on Monday, October 16th, at 11 o'clock a. m. offer for sale to the highest bidder for cash, at the court house door in Hendersonville, all the following described tract or land in Edgewood township, county of Henderson and state of North Carolina, and being the same land conveyed by said mortgage and bounded as follows:

Commencing on a conditional Chestnut corner on the ninth line of the original plat, running from a Spruce pine to a poplar and runs almost northeast to a stake by a hickory and chestnut—Jesse Case's corner, and runs South with his line 54 poles to a chestnut and stake Case's and Asa Edney's, now Jackson's corner; thence with said line South 10 East 80 poles to a poplar and stake; thence to the beginning containing forty-five acres.

This 15th day of September 1916. W. P. GILLIAM, Mortgagee. Rhodes Automobile Co., Assignee. W. Marshall Bridges, Attorney. 9-21-4tc

WHERE THE GOLD COMES FROM.

Somebody recently asked: "Whence comes all the gold that is being shipped to this country? How does Europe scratch it up?" The answer came promptly. This country has added about \$500,000,000 of gold to its stock in the last two years, but in that same time the world has produced twice that amount in new gold. Just about a billion dollars' worth of gold is added to the world's stock every two years.

It seems like a big store, and it is. Yet the wheat crop of this country is worth this year more than the world's gold production in the last two years—a good deal more. This country's cotton crop is worth nearly twice as much per annum as the whole world's gold crop. Our corn is worth pretty nearly four times as much as the whole world's gold; sometimes more, sometimes less.

They say that because the countries on the allies' side in the war control about all the world's new gold production they are certain to win. Perhaps that is so; but a better reason is that they have free access to the production of the American farms, which is sufficient to account for their increased activity in every direction.—Farm and Fireside.

A Distant Relation.

During the course of a trial in Chicago, a witness by the name of Francis Dooley was asked, concerning the defendant: "Are you related to Thomas Dooley?" "Very distantly," said Francis. "I was me mother's first child—Francis was the ninth."—The Youth's Companion.

ONE HOUSE. 4 Rooms and 1 acre of land 1-2 miles from town will sell cheap, or exchange for a lot in town, vacant lot, or with house on it. Apply to J. H. Dickens at Gull's store. 9-7-13tp

WITH THE Western Weeklies

Tryon Graded School Opens.

The Tryon graded school is at last taking its proper place in the community.

The opening on Monday was attended by a large number of parents and Mr. Sayres and Rev. H. N. Bowne of the committee. The children were glad to get back and gave several cheers to each one of the teachers whom they had not seen all summer, there will be an unusually large primary class this year.

Mr. Dennis, the principal, welcomed the school and urged the importance of attending. He also spoke of the good work the School Betterment Association could accomplish and asked for a larger attendance of the parents at those meetings. The members of the committee spoke and several of the parents.

There will be nine grades this year and the enrollment on Monday was 88 and more are yet to come in during the first few weeks. The new primary class will number about twenty-five.—Tryon News-Bee.

Baptist Association at Columbus.

The Green River Baptist Association meets with the Columbus church September 28th, 1916. It is the earnest desire that all the churches of the county shall avail themselves of this splendid opportunity to learn of the great work that our denomination is doing. We hope that each church of the county will send a full delegation and that many visitors will also come to each session.—Tryon News-Bee.

Marions Big Cotton Mill.

The secretary of state has allowed an amendment to the charter of the Clinchfield Manufacturing Company raising the capital from \$800,000 to \$1,200,000.

The new stock issued will be used in the building of the No. 2 mill of this company, which will cost over \$600,000, and will be equipped with 26,000 spindles and 600 draper looms.

The power plant will be a steam turbine electric drive and will be built and equipped to furnish power for 40,000 spindles and 1,000 looms. It is planned that the mill building will be arranged so that an addition may be built at small expense to hold the full 40,000 spindles and 1,000 looms.

The No. 2 mill when completed and fully equipped will cost around the sum of one million dollars, and will give employment to 400-500 people. Mr. D. D. Little, the president of this company, started the Marion Manufacturing Company in 1909 with 10,000 spindles and 240 looms and he has built the Marion Company up to 36,000 spindles and 840 looms and when he completes the addition to the Clinchfield mill he will have put into operation in this county over 100,000 spindles and 2,650 automatic looms, at a cost of over \$2,500,000, and in a period of less than ten years.

Mr. Little, although an adopted son of this state and county, has every interest of his mill community at heart and also of the county and State and endeavors to join in the welfare of anything which tends to the upbuilding of the county and town of his adoption.—Marion Progress.

Hard Luck.

Mr. Hughes continues to play in hard luck with woman suffragist. It has been brought to light that while Governor of New York he vetoed a bill providing equal pay for women school teachers who did equal work alongside of men. Don't know how the male "professors" will regard his course, but it isn't hard to guess what women will think and do.—Old Fort Sentinel.

Union Revival Closes.

A splendid revival at Beaverdam church has just closed with a spirit of good will. The meeting was held by Rev. W. H. Pless of the Methodist church, and Rev. W. G. Warren of the Methodist church, South. Many men and women found Christ in the old-time altar method and quite an addition was made to both the churches. There is no better sight of the day than the brotherly spirit being shown between these two churches.—Canton Observer.

Terminal Box Burns.

The terminal box of the local telephone company caught fire Friday night and before it could be extinguished every phone in the system was put out of commission. Connection was re-established Saturday afternoon after an interruption of 24 hours. The blaze was caused—so stated Mr. Eskridge—by the current from the electric light wires leaping to the telephone wires. Fortunately the water-works system was out of commission and chemicals were used in extinguishing the flame. Had water been used a perfect circuit in all probability would have been made, endangering every user of phones.—Forest City Free Press.

Bloodshed in Graham.

Dennis Massey, who has a barber shop at Andrews, in writing to his father here Tuesday, among other things says:

John Farr killed himself Friday before doing so he told several people that he and Ed Williams and Andy Orr killed old man Phillips. He was the father of the Farr boy who was killed by Pat Loving.

Lawrence Edwards killed Wayne Criss Saturday in Graham county.—Carolina Mountaineer.

Shelby's White Way.

On yesterday, Mr. Julius Weathers, superintendent of the waer and light plants put the street force to work on excavating for the electric cables for the street lighting system. There will be 57 iron lamp posts extending

around the court square and to the first crossing on the eight main streets leading out from the square with an extension to the Southern depot on Gordon street.—Cleveland Star.

AN AGE OF CARELESSNESS.

As individuals we all want to live the full length of the natural life, but are careless of the welfare of other people. Men shoot down their fellows and the balance of us sit on juries to clear them, or if convicted sign petitions for either commutation of sentence or pardon, forgetful that such lax administration of justice lowers respect for law and makes every life less secure.

In the old country people have a greater reverence for authority because law is generally executed with the certainty of convicting criminals and punishment is swift and sure. Men think seriously of consequences before they engage in lawlessness and are thus restrained in large measure from deeds of violence.

In rural communities crime is generally less prevalent than in crowded and congested cities, yet last year there were in staid and conservative North Carolina, with a population almost entirely rural, five times as many murders as in the city of London, which contains more than twice the inhabitants of this state.

Then more people are killed accidentally in the United States than in any other land where a decent civilization obtains. It is a fact that our average death rate from accidents is 160 for every day in the year, and every tenth funeral is the result of accident. The deaths from accident in this country are six times greater than in Europe.

We are reckless in the construction of railroads and in the running of trains. Our railroad crossings are a constant menace. They should be guarded with such care as to entirely prevent accident and footmen should be prohibited from walking on railroads. In the old country no grade crossings are permitted in town or country. Every highway crossing is either a bridge or an underpass and this arrangement is the salvation of thousands. Such a system here would largely reduce deaths from accident.

Many automobile drivers are reckless and incompetent, yet such persons, often children with no experience or judgment, are permitted to drive these engines at dangerous speed along our highways, imperiling all other travelers, so that deaths caused by their recklessness are of daily occurrence.

The passing of more laws is the panacea suggested for all our public shortcomings, and they do help some, but most of the calamities which shock us daily are due more to thoughtlessness and the "don't care" spirit of these times.

Parents, teachers and employers should emphasize the importance of "safety first" upon those who come under their care. Human life is of great value to us and to others and every means should be taken to preserve it. Its protection should command the support of all men, not only from the lowest, selfish motives, but because of that higher and unselfish interest which every true man has for the welfare of his neighbor.

LONG SERMONS.

Perhaps the lengthiest sermons on record were preached by Isaac Barrow. On one occasion when preaching in Westminster abbey, at a time when visitors were shown around the place after the sermon for a fee, he kept on so long that the authorities "caused the organ to play till they had blown him down." When he preached on charity before the lord mayor and aldermen the sermon lasted three and a half hours, and if the collection came after that it probably suffered. And, again, when he had arranged to preach on the words "He that uttereth a slander is a liar," precautions were taken beforehand, and he was prevailed on to preach only the half relative to slander, leaving out that which had to do with lies. In this way he managed to finish in one hour and a half. Very likely some of his hearers wished that he was not quite so fond of

PREACHING FROM PICTURES ON A BAMBOO POLE.

A Japanese Methodist preacher in Kynshin has recently put into practice a novel method of gospel propaganda. He hangs upon a bamboo pole the large Bible pictures from the Berean Sun (ay school rolls) and goes through the villages, showing the pictures, and from them preaching Christian sermons in simple language. Both children and grown people are attracted and listen to the message.

During dinner the other evening an eight-year-old child suddenly interrupted the conversation in this wise: "Daddy, you and mother can't guess what I have under the table."

Then, after the manner of parents who like to please their children they guessed all kinds of things, but without success. So they said, "We give it up. Tell us." Whereupon the kiddie, drawing her face into a grimace, replied: "A stummie-ache."—Harper's Magazine.

How to Give Good Advice.

The best way to give good advice is to set a good example. When others see how quickly you get over your cough by taking Chamberlain's Cough Remedy they are likely to follow your example. This remedy has been in use for many years and enjoys an excellent reputation. Obtainable everywhere. adv-sep.

CALOMEL WHEN BILIOUS? NO! STOP! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" Is Harmless To Clean Your Stagnant Liver and Bowels.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

Fruitland Institute
